

Celebrating 200 Placements

Ducate was an initiative by a group intended to deliver quality education to the society. Recruiting effective teachers was the biggest challenge in Indian schools (especially in small towns). Ducate was established to overcome this challenge and to become a bridge between the schools and candidates.

Ducate started offerings its services to 35 schools in its first year and gradually with its unique and quality service it acquired 58 clients across central India.

Ducate has successfully placed around 72 candidates in the year 2012-13 and placed 130 candidates in the year 2013-2014 and the placement continues every day with new associations coming the way...

We would specially like to thank you for your acceptance of our services and all your Support and appreciation you gave to Ducate for past two years. Your contribution in form of suggestion, guidance helped us to grow with every step.

We are committed to serve with same dedication and will look after your same support.
